KIRKLAND, WA 98033

Missed Appointment Policy

All appointments are scheduled time with you and the doctor; therefore when an appointment is missed, someone else could have had that scheduled time with the doctor. **Twenty-four hours** advance notice is required for an appointment cancellation. If this notice is not given, a missed appointment fee of \$45.00 will be charged directly to you. Insurance companies do not pay for this, and it must be paid before your next visit to this office.

Please keep your appointments.

Yours for better health,

Dr. Bourree and staff

I have read and agree to the above.
